FOR IMMEDIATE RELEASE

LITHIA SPRINGS ROTARIANS ACCEPTING GRANT APPLICATIONS
Funding opportunities for local Youth and Community Programs

ASHLAND - The Rotary Club of Ashland Lithia Springs is now accepting applications for its 2021 Youth Program grants to fund various youth-related activities throughout the Rogue Valley with emphasis on the Ashland/Talent area. In addition, the club is accepting applications for its 2021 Community Program grants to support local community projects in Ashland and Talent which address basic needs and self-sufficiency issues.

Youth Program grants of up to \$2,500 each will be awarded to qualified area non-profit organizations, schools, or government agencies for programs that actively engage and benefit youth up to 18 years of age in the Rogue Valley. Prior awards have supported a variety of youth projects addressing literacy, food scarcity, arts and music education, and other extracurricular activities.

Community Program grants of up to \$1,000 each will be awarded to qualified organizations working to address economic and community development, create employment opportunities, reduce poverty, improve health care, and provide hunger relief. This is the third year these grants have been offered by the club and reflect Rotary's focus on tackling the most critical humanitarian challenges at home and abroad.

To apply, please visit lithiaspringsrotary.org Go to the Community Service Grants navigation to download grant guidelines and application. The deadline for submission is November 15, 2021. The target date to announce awards is December 10, 2021.

The Rotary Club of Ashland Lithia Springs is one of 35,000 Rotary clubs in over 200 countries. Rotary harnesses the strength and experience of 1.2 million professional and community leaders from around the world. Their work improves lives at both the local and international levels, from helping families in need in their own communities to working toward a polio-free world.
